DEPARTMENT OF CHEMISTRY AND BIOCHEMISTRY

HONORS FORM

Deadline: By Friday, Week 10 of your graduating quarter

Students may receive departmental honors if they complete the following in addition to their major requirements:

- Obtain an overall GPA of 3.2 or higher.
- Obtain a Major GPA of 3.4 or higher.
- 2 quarters of CHEM 199 (8.0 units of independent study research), not being used to fulfill any major requirements.
- Presentation of findings at a conference. Recommended the annual Undergraduate Research Symposium in Chemistry and Biochemistry.
- Gather all required signatures on this honors signature page. Please upload this form to your honors application.

NAME: _____________________________________

PID: ________________________________

We, the undersigned, attest that the student (name above) presented their research to us during a conference/symposium.
